

## **NACE MR0175 ISO 15156**

### **Declaration of Compliance**

This is to declare that the following products are compliant to NACE MR0191 / ISO 115156-3: 2009 Edition as defined in Table A.4 and A.6 for instrument tubing and instrumentation and control devices.

HydroSense 4410-LMP ppm Oil in Water Monitor  
HydroSense 2410 ppm Oil in Water Monitor

Arjay Capacitance Level and OWS Probes

The above products use 316SS, Monel or Hastelloy wetted metal parts. This declaration does not apply to products of alternative wetted metals.

A handwritten signature in blue ink, appearing to read "Greg Reeves", is placed on a light blue rectangular background.
